39 of 40 people found the following review helpful. Extremely comprehensiveBy A CustomerI found this book to be a very useful resource for creating distinctive window treatments. It is extremely comprehensive and covers just about every topic imaginable. It's also well organized and easy to read. There are beautiful photographs on almost every page and plenty of sidebars with useful tips and information. It gave me great ideas not only for windows, but for home decorating in general.4 of 4 people found the following review helpful. beautiful photographs, and the decorating appeals to meBy ShadyLadyI personally find the decorating styles and colors in these photos very appealing. If you "search inside" and look at the table of contents, you'll see that the book covers the design process as well as depictions of various styles.
