Room by room and topic by topic, the author walks you through the process of prepping your house to sell.2 of 2 people found the following review helpful. It's ok.By C. HeadleyBook was ok especially if you have never done any decorating before. But not a whole lot of info really.

Decorate! explores every aspect of a home, from the exterior to the very last light switch, and identifies what it is and isnt worth spending money on. If youre wondering whether potential purchasers will be more impressed by a brand new en suite bathroom or a top of the range bespoke kitchen then this is the book for you. Find out if buyers are really attracted by technology, get the low-down on whether anyone will actually like your trendy flock wallpaper and spot

the instances where buyers would rather just have acres of magnolia Dulux. Whether you are simply looking for simple improvements that will boost the value of your home, or seeking to completely renovate your pad to sell it for a handsome profit, you'll find all the advice and ideas you need in *Decorate!*
