It wakes you up to a whole new world of ideas in the world of decorating and crafting. If you love decorating and have an artistic flair then you will love the endless possibilities that they suggest to you by either photos or the descriptive text. From elegant to casual they are something for you!

The innovative effects achieved by Lang and Robertson prove that any surface can be beautifully enhanced with cut and printed papers. With more than 125 full-color photographs that bring their transformations to life, they show readers how to create a mitered border, make a decoupage screen, create the illusion of faux architectural detailing, and much more, all using readily available materials and simplified techniques. Full-color-photographs.
