The devotions take garden terms and then write how the term applies to one's faith. My husband is a Master Gardener and we purchased a few books to give to his Master Gardener friends for Christmas gifts. They sent us thank you notes and told us how they loved the book and would like to purchase some as well. My husband and I will purchase more when needed. 0 of 0 people found the following review helpful. I love this and read from it every morning By A. Come to the garden alone, and fill your soul with His presence. There's nothing on earth like the peace and loveliness of a magnificent garden. It's the place where Adam and Eve first fellowshiped with God, and where you, too, can escape from this chaotic world into His loving arms of beauty and serenity. Devotions from the Garden takes you to that place where senses are restored as dewdrops settle and butterflies gather to witness the miracles of God's creation bloom and grow. These ninety devotions explore the parallels of life with the elements of the garden to help you see God, to sense His presence, to soothe your soul, and to rest in knowing He is with you throughout each day. Included are striking photographs with a fresh, contemporary design for timeless appeal. Trim Size: 6 x 8
