Dick Raymond : Dick Raymond's New Kitchen Garden before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dick Raymond's New Kitchen Garden:

1 of 1 people found the following review helpful. Very good reading with a different perspective from Joy of Gardening By Bob Barnes This is my second book by Dick Raymond on gardening. Very good reading with a different perspective from Joy of Gardening. 1 of 1 people found the following review helpful. Great Author Teacher By David W. Joe Great Author Dick Richmond is the all time best at showing the simple easy way of doing things. Not all of the balongna of the other books 0 of 0 people found the following review helpful. Five Stars By Donald Kelso Perfect,

Thanks

Dick Raymond's Kitchen Garden presents revolutionary gardening techniques that dispel the myth that gardening has to be hard, dirty work. Dick Raymond's Kitchen Garden uses beautiful full-color photographs (by Paul Boisvert), line drawings, and easy-to-read text to show how to take just forty-five square feet of an ordinary yard to get a steady harvest of fresh vegetables from early spring right through the late fall. Dick Raymond's Kitchen Garden makes gardening fun, easy and affordable. Following its advice and guidance, any garden can provide more food in less time and less space, yielding a continuous harvest with no chemicals. Dick Raymond's Kitchen Garden is an outstanding addition to any personal or community library gardening reference book collection. -- Midwest Book
